

Hello, we are Adan and Stephanie. We are very excited to bring a child into our family to love, provide for, and to help them grow. We've chosen to adopt out of love and compassion. We cannot express how much we admire and appreciate you for the decision that you've made for your baby. Family has always been the most important thing for both of us. We both have parents and siblings that live near us so that we can keep our family bond strong. Our family spend holidays together making memories. We enjoy getting together throughout the year for a variety of activities. We look forward to growing and expanding our family.
